

Weatherford Storm Shelter Registration Program

What is the Storm Shelter Registry Program? It is a program to register storm shelters so in the event of a tornado emergency personnel can locate your shelter and rescue anyone trapped inside.

Why should you register your storm shelter? It will increase your chances of surviving a tornado. Especially in the event of a massive debris field (as was the case in the May 1999 tornadoes).

Is the information required? No, it is entirely voluntary, but it may save your life!

Will my response be confidential? Yes, This form will go directly to the Police Department.
