INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and City Commissioners City of Weatherford, Oklahoma

Report on the Audit of the Financial Statements

Qualified Opinions

We have audited the accompanying financial statements - modified cash basis - of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Weatherford, Oklahoma, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City's financial statements as listed in the table of contents.

In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinions" paragraph below, the accompanying financial statements referred to above, present fairly in all material respects, the respective modified cash basis financial position of the governmental activities, the business-type activities, and the major funds General, PWA, Stafford Museum, and the aggregate remaining governmental fund information of the City of Weatherford, Oklahoma, at December 31, 2021, and the respective changes in modified cash basis financial position and the cash flows of the business-type activities for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis for Qualified Opinions

As described in Note 1, the City has included non-cash accounts receivable, net, and accrued compensated absences in the government-wide governmental activity and business-type activities in these modified cash basis financial statements. The business-type activities also have accrued interest payable for its revenue bonds payable. The following major funds have accounts receivable, net, recorded: General, PWA, and the nonmajor aggregate remaining governmental funds. The PWA major fund has accrued interest payable recorded. Both the PWA and Stafford Museum major funds have accrued compensated absences recorded.

The effect of the above transactions would affect the modified cash basis financial statements as follows:

	Increase (Decrease)
Government-wide Governmental Activity Assets Liabilities Net Position Revenues Expenditures	\$ (11,795) (461,928) 450,133 (11,195) 60,987
Business-type Activity Assets Liabilities Net Position Revenues Expenses	(240,360) (247,549) 7,189 (18,577) 4,128
Fund Financial Statements General Assets Liabilities Fund Balance Revenues Expenditures	(7,274) -0- (7,274) (3,164) 3,517
Non-major Governmental Assets Liabilities Net Position Revenues Expenditures	(4,521) -0- (4,521) (8,031) (4,185)
PWA Assets Liabilities Net Position Revenues Expenses	(240,360) (238,265) (2,095) (18,577 5,305
Stafford Museum Assets Liabilities Net Position Revenues Expenses	-0- (9,284) 9,284 -0- (1,177)

Certified Public Accountants

Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Except as noted above, our opinions are not modified with respect to this matter.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to error or fraud.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and <u>Government Auditing Standards</u>, we:

1. Exercise professional judgment and maintain professional skepticism throughout the audit.

2. Identify and assess the risks of material misstatement of the

3

financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

3. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

4. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

5. Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's accompanying modified cash basis financial statements. The accompanying combining financial information presented in the Other Supplementary Information section is presented for purposes of additional analysis and is not a required part of the accompanying modified cash basis financial statements of the City of Weatherford, The budgetary comparison information on pages 46 - 47 and Oklahoma. the pension funding progress as prepared from information provided by the actuary on page 48 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the accompanying financial statements, and accordingly, we do not express an opinion or provide any assurance The combining and individual nonmajor fund financial on it. statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the accompanying modified cash basis financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

4

statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinions" paragraph above, the combining and individual nonmajor fund financial statements is fairly stated in all material respects in relation to the accompanying modified cash basis financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued a report dated September 30, 2022, on our consideration of the City of Weatherford, Oklahoma's, internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the City of Weatherford, Oklahoma's internal control over financial reporting and compliance.

1. Summary of Significant Accounting Policies.

The accounting policies of the City of Weatherford, Oklahoma, (the City) do not conform to accounting principles generally accepted in the United States of America as applicable to governments, as noted below. These standards are set by the Government Accounting Standards Board (GASB). However, the City reports on the modified cash basis of accounting as described below. The following is a summary of the more significant current policies.

A. Reporting Entity.

The City of Weatherford, Oklahoma, is an incorporated municipality under the provisions of the State of Oklahoma. It operates under the Mayor - Commission form of government with a home rule provision. The City provides the following services: public safety (fire & police), streets, parks and recreation, water, sewer, and sanitation utilities, and general administrative services.

The City, for financial purposes, includes all of the funds and account groups relevant to the operations of the City of Weatherford. The financial statements presented herein do not include agencies which have been formed under applicable state laws or separate and distinct units of government apart from the City of Weatherford.

The financial statements of the City include those of any separately administered organization that is within the scope of public service of the City or whose exclusion from a reporting entity's financial statements would be misleading. Scope of public service include those who benefit from the activity and whether it is conducted within the entity's geographic boundaries. Other criteria considered in determining which activities to report include the degree of oversight responsibility exercised by the Mayor and/or City Commission members.

Based on the foregoing criteria, the operations of the Weatherford Public Works Authority (the Authority) is included in the accompanying financial statements. The Trustees of the Authority are the same persons who are currently the members of the City Commission of the City of Weatherford and as such, they continue to hold office until their successors are elected to the governing board of the City of Weatherford. The City of Weatherford is the designated beneficiary of the Authority. Operations of the Weatherford Public Works Authority is reported as an enterprise fund in the proprietary fund type.

1. Summary of Significant Accounting Policies (continued).

A. Reporting Entity (continued).

The City Commissioners also have the responsibility to confirm the appointment of the trustees of the Weatherford Industrial Trust. The City's accountability for this organization does not extend beyond ratifying these appointments.

B. Financial Statements.

Financial statements include a Statement of Assets, Liabilities, and Net Position - Modified Cash Basis and Statement of Activities - Modified Cash Basis for the government-wide and business-type activities. The government-wide financial statements report on the City as a whole within the limitations of the modified cash basis of accounting. These limitations are that the modified cash basis of accounting financial statements are not intended to be representative of the complete economic financial position of the City. Certain significant assets and liabilities may be excluded for the modified cash basis financial statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All activities, both governmental and business-type, are reported in the government-wide financial statements using the modified cash basis of accounting versus the economic resources measurement focus and the accrual basis of accounting required by generally accepted accounting principles, which include long-term assets and receivables as well as long-term debt and obligations. The government-wide financial statements focus more on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. Generally, the effects of interfund activity has been removed from the government-wide financial statements. Net interfund activity and balances between governmental activities and business-type activities are shown in the government-wide financial statements.

The government-wide Statement of Assets, Liabilities, and Net Position - Modified Cash Basis reports limited financial and capital resources of the City. It is displayed in a format of assets plus deferred outflows of resources, less liabilities less deferred inflows of resources equals net position, with the assets and liabilities shown in order of their relative liquidity. Since the City reports on the modified cash basis of accounting, it has no deferred outflows or deferred inflows of resources. Net position

1. Summary of Significant Accounting Policies (continued).

B. Financial Statements (continued).

is required to be displayed in three components: 1) net investment in capital assets (net debt used for capital assets), 2) restricted, and 3) unrestricted. Net investment in capital assets are capital assets net of accumulated depreciation and reduced by the outstanding balances of any mortgages or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Since the City does not capitalize its capital assets nor depreciate them in these financial statements, then the amounts shown are the borrowings used to purchase capital assets. Restricted Net Position are those with constraints placed on their use by either: 1) externally imposed by creditors (such as through debt covenants, grantors, contributors, or laws or regulations of other governments, or 2) imposed by law through constitutional provision or enabling legislation. Net position not otherwise classified as restricted are shown as unrestricted. Generally, the City would first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

The government-wide Statement of Activities - Modified Cash Basis demonstrates the degree to which the direct expenses of a functional category or activity are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or activity, 2) grant and contributions that are restricted to meeting the operational requirements of a particular function or activity, and 3) grants and contributions that are restricted to meeting the capital requirements of a particular function or activity. Taxes and other items not properly included among program revenues are reported instead as general revenues. General revenues normally support the net costs of the functions and programs not covered by program revenues.

Financial statements also include fund financial statements for the governmental and proprietary funds. The focus of the fund financial statements is on major funds, as defined by GASB Statement No. 34. Although this reporting model sets forth minimum criteria for determination of major funds based upon a percentage of assets, liabilities, revenues, or expenditures/expenses of fund category and of the governmental and enterprise funds combined, it also gives governments the option of displaying selected funds as major funds. Other nonmajor funds are combined into a single column on the fund financial statements.

1. Summary of Significant Accounting Policies (continued).

B. Financial Statements (continued).

The following funds are presented for the City:

Governmental Funds.

General Fund - The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted in another fund or limited by the modified cash basis of accounting. The general fund is always presented as a major fund.

Other Governmental Funds - This column is the summarization of all the nonmajor governmental funds. These were known as special revenue funds, fiduciary funds, or debt service funds under the previous reporting model. Special revenue funds were used to account for proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. Fiduciary funds were trust or agency funds used to account for assets held by the City in a trustee capacity or as an agent. Trust funds are similar to governmental funds. Agency funds are reported as fiduciary funds as noted below in the reporting model. The cemetery perpetual care fund is presented as a permanent fund. Permanent funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs. Debt service funds were used to report the resources accumulated to pay the principal and interest on the City's general long-term debt obligations.

Fiduciary - Agency funds report resources held by the City in a purely custodial capacity (assets equals liabilities). This fund is reported separately from other governmental funds. The City discontinued the use of this agency fund and makes its contributions each month.

Proprietary Fund Types.

Enterprise Funds - Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises (ie. where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges); or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management

1. Summary of Significant Accounting Policies (continued).

control, accountability, or other purposes. The City has two enterprise funds, the Weatherford Public Works Authority (PWA) and the Stafford Museum fund. Each fund is reported as a major fund.

C. Basis of Accounting.

Basis of accounting refers to when revenues and expenditures (or expenses, as appropriate) are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The government-wide financial statements, governmental fund types, and proprietary fund types are all reported using the modified cash basis of accounting. The modified cash basis of accounting is a comprehensive basis of accounting other than generally accepted accounting principles.

Under the modified cash basis of accounting, revenues are recognized when cash is received and expenditures (expenses) are recognized when actually paid, with modifications that have substantial support arising from the cash receipt or disbursement transactions or events. Professional standards do not specifically define the modified cash basis of accounting, but current accounting literature states it should not include accounts receivable or accruals. The auditor's report is modified since these financial statements include those items for consistency purposes. The City records accounts receivable and revenue on selected governmental funds, including establishing an allowance for loss and related expense for any uncollectible account receivable. The City has also established an accrued compensated absences liability and selected accounts payable for the governmental and proprietary type funds and records the related expenditure/expense. The Weatherford Public Works Authority uses a cycle utility billing system. The utility billings are accrued and recorded as accounts receivable and revenue when the customers are billed. Unbilled receivables are not recorded. Payments received in excess of the amount billed are recorded as unapplied payments. The Authority and Stafford Museum also record other billed receivables and revenue on its books. An allowance for loss and expense is recorded for any potential uncollectible utility and other receivables. The Authority records its revenue bonds as a liability and accrues the interest payable

1. Summary of Significant Accounting Policies (continued).

C. <u>Basis of Accounting</u> (continued).

and related interest expense. Capital lease obligations are also recorded as a liability when incurred since they are considered "in substance" a cash transaction.

Under generally accepted accounting principles, the government-wide financial statements would be reported using the economic resources measurement focus and the accrual basis of accounting, as would the proprietary fund statements. Revenues would be recorded when earned and expenses would be recorded when a liability is incurred, regardless of the timing of the related cash flows. The governmental funds would use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues would be recognized when they become measurable and available (collected within sixty days after year-end). Expenditures would be generally recognized when the related fund liability is incurred, provided the liability normally would be liquidated with expendable available financial resources.

D. Accounts Receivable, Net.

The City periodically reviews the various funds accounts receivable for accounts which may not be collectible. For the year ending December 31, 2021, the City's policy is to write off known uncollectible utility accounts against the related income account and, if appropriate, send it to a collection agency. An allowance for loss has been established for potential unknown uncollectible utility and other accounts receivable.

E. Short Term Investments.

Short Term Investments are stated at cost (cost approximates fair value) and consists of a money market fund held for proceeds of revenue bonds for capital projects, and money market funds held for payment of principal and interest on revenue bonds. Authorized legal investments include certificates of deposit (time deposits), money market funds, and obligations of the U. S. Government or its agencies.

F. <u>Compensated Absences</u>.

Full-time City of Weatherford, Weatherford Public Works Authority and Stafford Museum employees earn sick leave at the rate

1. Summary of Significant Accounting Policies (continued).

F. Compensated Absences (continued).

of 10 days per year which can accumulate up to 130 days. If accumulated sick leave is not used prior to resignation or termination, then the employees can receive payment for accumulated unused sick leave if they were employed by the City prior to March 1, 2009. If they were employed on or after March 1, 2009, the City will not pay for unused accumulated sick leave.

Full-time employees earn between ten to twenty days of vacation time per year, depending upon their length of service to the City. Prior to March 1, 2009, unused vacation time did not accumulate, but was lost if not taken during the year. City Commissioners approved a new employee handbook at its February 27, 2009, meeting. Effective March 1, 2009, unused vacation time may be accumulated up to twice the amount of annual vacation time earned. The employee will be paid for unused vacation time upon termination or retirement. Those employees who earn more than two weeks vacation each year may exercise the option of receiving pay up to two full weeks (but not less than one full week) of vacation time over and above the earned two weeks while continuing to work and receive pay for the time worked.

Full-time union firefighters have different calculations for sick and vacation time based upon working shifts. Sick leave can accumulate up to 78 working shifts. Each regular, full time firefighter hired before January 1, 2011, in good standing, and gives proper notice will be paid unused sick leave not to exceed 1,872 hours upon termination or retirement. Each regular, full time firefighter hired on or after January 1, 2011, with 20 years of service with the City, in good standing, and gives proper notice will be paid unused sick leave not to exceed 936 hours upon termination or retirement. Vacation time cannot be carried over or accumulated from year to year. Bargaining unit members who earn more than two weeks vacation each year may exercise the option of receiving pay for six shifts (144 hours) above the earned two weeks while continuing to work and receive pay for the time worked. Nothing over six shifts will be allowed.

The government-wide financial statements report the accrued compensated absences as a long-term liability. The current portion of this debt is estimated to be the amount earned within the past year. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources as they are considered matured, ie. when an employee resigns or retires. The proprietary funds report the liability as it is incurred.

1. Summary of Significant Accounting Policies (continued).

G. Payroll.

The City of Weatherford, Weatherford Public Works Authority, and Stafford Museum pay their employees on a bi-weekly basis. These entities do not accrue for incurred (but not paid) payroll expenditures (or expenses).

H. Operating Revenues and Expenses.

Operating revenues and expenses consist of those revenues that result from the ongoing principal operations of the respective enterprise funds. Operating revenues consist primarily of charges for services. Nonoperating revenues and expenses consist of those revenues and expenses that are related to financing and investing type of activities and result from nonexchange transactions or ancillary activities.

I. Fund Balance Classifications.

The following fund balance classifications have been required by the Governmental Accounting Standards Board:

Nonspendable - Amounts that are not in a spendable form or are required to be maintained intact.

Restricted - Amounts that can be spent only for the specific purposes stipulated by external resource providers, or though enabling legislation. Effectively, restrictions may be changed or lifted only with the consent of the resource providers.

Committed - Amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority (City Commissioners). Commitments may be changed or lifted only by the government taking the same formal action that imposed the constraint originally.

Assigned - Amounts intended to be used by the government for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. The City Commissioners has not officially adopted a policy on who can assign fund balance. In governmental funds other than the general fund, assigned fund balance represents the

1. Summary of Significant Accounting Policies (continued).

I. Fund Balance Classifications (continued).

amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

Unassigned - residual classification for the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, than it will be reported as a negative amount in the unassigned classification in that fund. Positive unassigned amounts will be reported only in the general fund.

Generally, the City would first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted Net Position are available.

2. <u>Cash in Bank, Including Time Deposits, Short Term</u> Investments and Restricted Assets.

The City of Weatherford, Authority, and Stafford Museum maintain a common cash pool for use by all funds except the cemetery perpetual care fund, fire fund, and Pioneer Center fund, and certain other activities that require separate bank accounts with Federal Deposit Insurance Corporation (FDIC) insured banks. This common cash pool utilizes the bank's establishment of a "sweep account" in order to maximize earnings. This "sweep account" is a government obligations tax-managed mutual fund which are not deposits or obligations of any bank and not insured or guaranteed by the FDIC or any other government agency. The bank will sweep any excess available funds into this fund and then sweep it back into the checking account as needed. As a result, the City reports these funds as cash in bank in these financial statements.

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City has a policy to require collateral for amounts in excess of FDIC levels.

2. Cash in Bank, Including Time Deposits, Short Term Investments and Restricted Assets (continued).

At December 31, 2021, the City's cash in bank and time deposits are insured or collateralized as noted below:

Total Deposits	Carrying Amount	Bank Balance
Insured by Federal Depository Insurance Not Insured, Collateral	\$ 5,308,751	\$ 5,530,999
Held by Pledging Bank's Agent in City's Name Not Insured nor	163,143	233,640
Collateralized Subtotal Not Insured Mutual Fund	5,471,894 12,988,678	5,764,639 13,475,302
Total	\$18,460,572	\$19,239,941

The City of Weatherford and Weatherford Public Works Authority maintain a common cash and time deposit pool for the governmental activities and business-type activities. Income on the pooled cash is allocated between the General fund and Public Works Authority fund. Income on the pooled time deposits is allocated based upon the outstanding balance of the time deposit in the respective fund.

Restricted assets consist of cash in bank, including time deposits, and short term investments held for customer meter deposits and revenue bond indenture agreements. Detail is as follows:

Restricted Assets	Cash and Time Deposits
Governmental Activities:	
Escrowed Funds-Fire Truck	\$1,012,448
Permanent Fund - Cemetery Perpetual Care Total Governmental	52,858 \$1,065,306

2. <u>Cash in Bank, Including Time Deposits, Short Term</u> Investments and Restricted Assets (continued).

Restricted Assets	Cash nd Time eposits	Short Term Investments	Total
	 CDOPTCP		10041
Business-type Activities:			
Enterprise Funds:			
Public Works Authority:			
Customer Meter Deposits	\$ 186,408	\$	\$ 186,408
Revenue Bond Projects		12,176,288	12,176,288
Revenue Bonds Debt Ser.	 352,417	<u> </u>	909,197
Total Business-Type Act.	\$ 538,825	<u>\$12,733,068</u>	<u>\$13,271,893</u>

The time deposits are held by the City or its agent and are in the City's name.

The escrowed funds - fire truck are the proceeds of a long term capital lease obligation between the City and the Lessor for the purchase of a fire truck. The Lessor has placed these funds into an escrow account and assigned it to a bank. Once the fire truck is completed and accepted by the City, these funds will be expended to purchase the fire truck. All earnings on the escrowed funds will be paid to the bank in consideration of managing the escrow account. The capital lease obligation is shown as a long term liability in these financial statements. Permanent fund is for the cemetery perpetual care trust fund. These funds represent the principal amounts donated to the cemetery trust for the special care of specified lots. These principal amounts cannot be expended by the City. Only the interest earned on these amounts may be expended. Total Customer Meter Deposits cash and time deposits have a related liability account. The Revenue Bonds Debt Service and Project investments are in a Short-term money market portfolio maintained by the trustee bank. The money market ratings are not known.

The money market funds are investments held by the trustee bank or the investment broker in the Authority's or Trust's name. They are not insured by the FDIC nor guaranteed by any government agency or the bank.

3. Cash and Cash Equivalents.

Cash and cash equivalents for cash flow presentation purposes includes the entity's cash on hand, cash in bank, including time deposits, short term investments, restricted cash in bank, including time deposits, and restricted short term investments.

4. Accounts Receivable, Net.

The City has the following accounts receivable as of December 31, 2021:

G	overnmental Act.	Business-Type Act.
	General Other	
	Fund Gov't	PWA
Accounts Receivable	\$ 46,898 \$ 9,60	6 \$ 51,587

Total Long Term Liab \$ 191,133	\$1,283,243	\$3,068,853	\$18,073,934

Revenue Bonds Payable - Business-Type Activities.

The Weatherford Public Works Authority has entered into several revenue bonds payable to bondholders. Debt issue costs and discounts on these bonds were expended as incurred.

On September 28, 2017, the Authority issued its \$8,020,000 Utility System Revenue Bonds, Series 2017, for the advance refunding of the \$11,115,000 Utility System Revenue Bonds, Series 2010 outstanding balance and paying for certain costs associated with the issuance of the Series 2017 bonds. The net proceeds of the 2017 bonds of \$7,833,188 plus an additional \$1,264,298 of 2010 Series Bond sinking fund monies were used to purchase U. S. Treasury securities. These securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2010 Series bonds, with the final payout to be on December 1, 2019. At December 31, 2019, the outstanding defeased bond balance was paid off by the escrow trust account.

5. Long-Term Liabilities (continued).

Revenue Bonds Payable - Business-type Activities (continued).

The Series 2017 bonds are secured by a mortgage on the leasehold of the properties and by the net revenues of the leasehold of the water, sanitary sewer and garbage systems, and facilities owned by and serving the City of Weatherford and leased to the Authority. Principal amount issued was \$8,020,000 with various semi-annual maturities beginning December 1, 2017, and ending on December 1, 2029. Interest rate is 2.2%. Total principal and interest remaining at December 31, 2021, on this debt is \$5,989,636.

Remaining annual principal and interest requirements range from \$744,496 to \$752,377. For the current year, principal and interest paid by the Authority and the net operating revenue were \$746,479 and \$1,919,894, respectively.

On July 1, 2018, the Authority issued its Sales Tax Revenue Note Series 2018, for financing certain street improvements including specifically reconstruction of Lyle Road, including drainage improvements, sidewalk installation, and utility relocation, along with related costs, and pay certain costs associated with the issuance of the Note. The City has pledged to the Authority all its rights, title, and interest in one half of one percent (0.5%) of the Sales Tax Revenues adopted by the City as Ordinance No. 1988-4 (unlimited in duration) and all (0.5%) of the Sales Tax Revenues adopted by the City as Ordinance No. 2018-01 (Street Improvement Ordinance to fund the reconstruction of Lyle Road with said reconstruction to include related drainage improvements, sidewalk installation, and utility relocation, and with any remaining proceeds to be used to fund other road and drainage improvements in the City of Weatherford, and/or for the payment of debt service in connection with obligations heretofore issued or to be issued by the City and any public trust having the City as beneficiary thereof to finance or refinance the referenced expenditures and related costs). The Street Improvement Ordinance expires and shall cease to be collected on June 30, 2024, unless it is extended by the electorate in an election held for that purpose. The notes are special limited obligations of the Authority, payable solely from the Street Improvement Ordinance pledge of the one half of one percent sales tax revenues collected by the City of Weatherford and the sales tax agreement pledging the sales tax revenues. Principal amount issued was \$6,100,000 with various semi-annual maturities beginning March 1, 2019, and ending on September 1, 2024. Interest rate is at 2.83%. Total principal and interest remaining on this debt is \$3,360,320.

5. Long-Term Liabilities (continued).

Revenue Bonds Payable - Business-type Activities (continued).

Remaining annual principal and interest requirements range from \$1,118,202 to \$1,123,348. For the current year, principal and interest paid by the Authority and the total pledged sales tax revenues paid to the Authority were \$1,116,856 and \$1,120,505, respectively.

On September 1, 2020, the Authority issued its Sales Tax Revenue Bonds (Weatherford Capital Improvement Projects) Series 2020, for financing the acquisition, construction, and improvement of multiple capital improvement projects for the City of Weatherford. The City has pledged to the Authority all its rights, title, and interest in one-half of the one percent Sales Tax Revenues approved by the electorate on December 13, 1988 and all of the revenues generated by the capital project ordinance equal to a fifty-two hundredths of one percent (beginning October 1, 2020 and expiring on September 30, 2030). Total pledged is 1.02% of the sales tax revenues per the sales tax agreement. These bonds are special limited obligations of the Authority, payable solely from the pledge of the sales tax revenues collected by the City of Weatherford and the sales tax agreement pledging the sales tax revenues. Principal amount issued was \$13,315,000 with various semi-annual maturities beginning June 1, 2021, and ending on December 1, 2030. Interest rate is 1.35%. Total principal and interest remaining on this debt is \$12,980,106. Remaining annual principal and interest requirements range from \$1,395,178 to \$1,489,951. For the current year, principal and interest paid by the Authority and the total pledged sales tax revenues paid to the Authority was \$1,356,849 and \$1,349,383.

A summary of the changes in revenue bonds payable follows:

			Series 2017 Utility	Series 2018 Sales Tax
Payable at December New Debt Issued	31,	2020	\$ 6,075,000	\$4,205,000
Debt Retired			(615,000)	(1,005,000)
Payable at December	31,	2021	\$ 5,460,000	\$3,200,000
			Series 2020 Sales Tax	
Payable at December New Debt Issued	31,	2020	\$13,315,000	
Debt Retired Payable at December	31,	2021	(1,140,000) \$12,175,000	

5. Long-Term Liabilities (continued).

Revenue Bonds Payable - Business-type Activities (continued).

The following schedule of maturities of all the revenue bonds payable repayment requirements follows:

Year ending December 31	Principal	Interest
2022	2,900,000	361,095
2023	2,975,000	300,848
2024	3,050,000	238,850
2025	1,995,000	183,279
2026	2,035,000	150,317
2027 - 2030	7,880,000	260,673
Total	<u>\$20,835,000</u>	<u>\$1,495,062</u>

Capital Lease Obligations.

Governmental Activities.

Police Department.

On November 11, 2019, the City executed a capital lease agreement with Ally Financial for the lease purchase of 9 police vehicles. Total purchase price was \$391,383 with a down payment of \$136,863. The remaining \$254,520 was financed with a lease purchase agreement with terms calling for annual payments of \$136,863 for 2 years at 4.99% interest.

Fire Department.

On November 30, 2021, the City approved the lease purchase of a fire truck with Leasing 2 Inc. for \$1,012,448. Terms call for annual payments beginning April 25, 2023 of \$219,035. Interest is at 2.34%. The proceeds of the long term capital lease obligation was placed into an escrow account and assigned to a bank. Once the fire truck is completed and accepted by the City, these funds will be expended to purchase the fire truck. All earnings on the escrowed funds will be paid to the bank in consideration of managing the escrow account.

5. Long-Term Liabilities (continued).

Capital Lease Obligations (continued).

A summary of the changes in the long term debt obligation of the governmental type activities follows:

-	Governmental Type Activities			
	Police	Fire		
Balance at 12/31/20	\$130,358	\$		
New Debt		1,012,448		
Debt Retired	(130,358)

Business-Type Activities.

The City Commission uses the borrowing power of the Weatherford Public Works Authority to fund purchases for the Authority and various departments of the City. The following summarizes the borrowings authorized and utilized.

On November 14, 2017, the City approved the lease purchase of a new fire rescue pumper truck for \$525,254, 2.37% interest, 60 month

5. Long-Term Liabilities (continued).

Capital Lease Obligations (continued).

term. Monthly payments are \$9,292. This loan is secured by the fire truck.

On January 30, 2018, the City Commission approved the lease purchase of equipment for the golf course for \$121,680. The Authority makes the payments to the bank and the golf course has agreed to reimburse the Authority for all monies expended. The amount due from the golf course is shown as an account receivable. Terms call for monthly payments of \$2,300 from April through November only, interest rate at 3.40%, with a final balloon payment due on February 10, 2023. The City has the option to terminate or renew the lease at the end of its fiscal year.

The authority has a lease purchase agreement for a new clubhouse for the Prairie West golf course for \$178,512. The lease purchase documents were executed on May 11, 2016, by the Weatherford Public Works Authority and a local bank. The Authority makes the payments to the bank and the golf course has agreed to reimburse the Authority for all monies expended. The amount due from the golf course is shown as an account receivable. Terms call for monthly payments of \$1,850 from May to October and \$1,000 from November to April of the following year, interest rate at 2.60%, 60 month term with a balloon payment. In December 2017, the City Commission approved the consolidation of another golf course lease purchase for equipment that was accounted for in the governmental activities with this lease purchase agreement and modified the payment amounts accordingly effective January 4, The amount consolidated was \$10,926 in 2017 and the new 2018. payments schedule call for monthly payments of \$2,250 from May to October and \$750 from November to April of the following year. The Authority paid off this capital lease obligation on May 11, 2021. However, the related receivable was not paid off but was re-amortized with a new balloon payment from the golf course on April 11, 2026. No formal agreement was made between the Authority and Golf Course.

6. Pension Plans.

The City, Authority, and Stafford Museum participate in various retirement plans as more fully disclosed below:

Oklahoma Municipal Retirement Fund.

Plan Description. The City, Authority, and Stafford Museum participate in the Oklahoma Municipal Retirement Fund (the Fund) which provides coverage to substantially all full-time employees not covered by the Oklahoma Fire Fighters Pension and Retirement System and the Oklahoma Police Pension and Retirement System. The Fund provides retirement benefits based on members' final average compensation, age, and term of service, plus annual cost-of-living adjustments, if so elected. The Plan has not elected the post-retirement cost-of-living adjustments. A member is eligible for disability benefits upon becoming vested. The authority to amend and establish the benefit provisions of the Plan rests with the City Commissioners. This Plan offers both a defined contribution plan and defined benefit plan. Employees participated in both plans. The Fund issues a publically available financial report that can be obtained at www.okmrf.org.
6. Pension Plans (continued).

Funding Policy. The Fund's defined contribution plan is funded through selected rates of contributions as elected by each municipality. The defined contribution amounts were 5.00% for the City, Authority, and Stafford Museum, and 0.75% for the employees. The funds are credited to individual participant accounts and pooled for investment through the Fund. All gains and/or losses are credited directly to each participant. Upon retirement, termination of employment, disability, or death, the vested portion of a participant's account is paid to the participant or beneficiary. This amount is based on an accumulation of employee and employer contributions, forfeitures, and earnings. Pension benefits are 100% vested after 10 years of service.

The Fund's defined benefit plan is funded through an actuarial determined rate of contributions of 9.00% and 9.16%, effective July 1, 2020 and 2021, respectively, for the City, Authority, and Stafford Museum. The employee contribution rate is fixed by the terms of the plan at 6.25% of participant payroll. The City has elected to change the contribution rates in January. This makes the City contributing 9.00% to the defined benefit plan in 2021. Upon retirement, termination of employment, disability, or death, the accrued benefit payable is paid to the participant or beneficiary according to the plan provisions. Pension benefits are 100% vested after 7 years of credited service. The Plan has changed the valuation date from the January 1 preceding the contribution effective date to the July 1 preceding the contribution effective date. As of 7/1/2021, the plan has an actuarial value of assets of \$7,217,661 with an unfunded actuarial accrued liability of \$ 745,186. This liability is not recorded in these financial statements but disclosed here as a commitment. The annual amount to amortize the unfunded actuarial liability over 28 years is \$ 66,886 per the actuarial report. In the other supplementary information section is the schedule of progress toward funding the retirement program from information prepared by the actuary.

Annual Pension Cost. The City, Authority, and Stafford Museum contributed \$260,830, \$166,162 and \$26,693, respectively, and the employees contributed \$223,379 to the plans for the year ending December 31, 2021.

Actuarial Assumptions. Significant actuarial assumptions used include: a) a rate of return on the investment of present and future assets of 7.25%, b) normal retirement age of 65, and c) no post-retirement cost-of-living adjustments. The actuarial value of the Plan assets was determined using techniques that smooth the effects of short-term volatility in the market value of

6. Pension Plans (continued).

investments. The Plan's unfunded actuarial accrued liability is calculated using the entry age normal (EAN) method. It is being amortized as a level dollar amount on a closed basis.

Oklahoma Fire Fighters Pension and Retirement System.

Plan Description. The City participates in the Oklahoma Fire Fighters Pension and Retirement System (the Plan) for its full-time paid and volunteer fire fighters. The Plan provides retirement, death and disability benefits to plan members and beneficiaries. The Plan is an agent multiple-employer (or municipality) contributory defined benefit pension plan. The authority to amend and establish the benefit provisions of the Plan rests with the Board of Trustees of the Plan. The Plan issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Oklahoma Fire Pension and Retirement System, 6601 Broadway Extension, Suite 100, Oklahoma City, OK 73116, or on-line at http://www.ok.gov/fprs/.

Funding Policy. Voluntary firemen do not contribute to the Plan. The City contributes \$60 for each volunteer fireman as set by the Oklahoma Statutes. Contribution requirements of the Plan are established by Oklahoma Statute and are not based on actuarial calculations. The State normally contributes 36% of the Insurance Premium Tax to the Plan. These on-behalf payments are not recognized in these financial statements since the City reports on the modified cash basis. Contribution rates are 14.0% of gross salaries for the City and 9% from the employees for the paid fire fighters. Fire fighters with 20 or more years of service may elect to participate in the Oklahoma Deferred Option Plan. Participation is limited to five years. Under this plan, retirement benefits are calculated based on compensation and service at the time of election. The retirement benefits plus half of the municipal contributions on behalf of the member are deposited into a deferred retirement account which earns interest. The other half of the municipal contributions goes into the retirement system. The member is no longer required to make contributions.

Annual Pension Cost. During the year ended December 31, 2021, the City contributed \$900 for voluntary fire fighters and \$120,516 for paid fire fighters to the Plan. Paid fire fighters contributed \$77,475 to the Plan.

6. Pension Plans (continued).

Actuarial Assumptions. Significant actuarial assumptions used include: a) a rate of return on the investment of present and future assets of 7.5%, b) a constant benefit level for voluntary fire fighters, c) projected salary increases ranging from 2.75% to 10.5% per year, and d) a cost-of-living allowance of at least 2.75% The actuarial value of the Plan assets was annually. determined using techniques that smooth the effects of short-term volatility in the market value of investments. The Plan's unfunded actuarial accrued liability is calculated using the entry age actuarial cost method. It is being amortized as a level dollar amount on a closed basis. The amortization period was reset beginning July 1, 2014, to 30 years. The City of Weatherford's portion of the unfunded pension liability at the 7.5% discount rate was calculated by the Plan's auditors to be \$1,816,145 at June 30, 2021 (Plan's year end). This liability is not recorded in these financial statements but disclosed here as a commitment.

Oklahoma Police Pension and Retirement System.

Plan Description. The City approved participation in the Oklahoma Police Pension and Retirement System (the Plan) effective March 1, 2008, for its full-time paid police officers. The Plan provides retirement, death and disability benefits to plan members and beneficiaries. The Plan is an agent multiple-employer (or municipality) contributory defined benefit pension plan. The authority to amend and establish the benefit provisions of the Plan rests with the Board of Trustees of the Plan. The Plan issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Oklahoma Police Pension and Retirement System, 1001 N. W. 63rd Street, Suite 305, Oklahoma City, OK 73116-7335 or on-line at http://www.opprs.ok.gov/.

Funding Policy. Contribution requirements of the Plan are determined by Oklahoma Statute and are not based on actuarial calculations. The State normally contributes an allocation of the insurance premium tax to the Plan. These on-behalf payments are not recognized in these financial statements since the City reports on the modified cash basis. Contribution rates are 13.0% of gross salaries for the City and 8% of gross salaries from the employees. Participants with 20 or more years of service may elect to participate in the Oklahoma Deferred Option Plan. Participation is limited to five years. Under this plan, retirement benefits are calculated based on compensation and service at the time of election. The retirement benefits plus half of the municipal

6. Pension Plans (continued).

contributions on behalf of the member are deposited into a deferred retirement account which earns interest. The other half of the municipal contributions goes into the retirement system. The member is no longer required to make contributions.

Annual Pension Cost. During the year ended December 31, 2021, the City contributed \$169,268 to the Plan. Employees contributed \$104,192 to the Plan.

Actuarial Assumptions. Significant actuarial assumptions used include: a) a rate of return on the investment of present and future assets of 7.5%, b) projected salary increases ranging from 3.5% to 12% per year, and c) a cost-of-living allowance of 2.75% annually. The actuarial value of the Plan assets was determined by using techniques that smooth the effects of short-term volatility in the market value of investments over a 5-year period. The Plan's unfunded actuarial accrued liability is calculated using the entry age actuarial cost method. It is being amortized as a level dollar amount over a 5 year open period. The City of Weatherford's portion of the net pension liability (asset) at 7.5% discount rate was calculated by the Plan's auditors to be (\$1,705,467) at June 30, 2021 (Plan's year end). This (asset) is not recorded in these financial statements but disclosed here.

7. Internal Revenue Code Section 457 Deferred Compensation Plan.

The City has established a deferred compensation plan under Internal Revenue Code Section 457 for the purpose of enabling employees of the City to defer a portion of their compensation until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergencies. All amounts of compensation deferred pursuant to the plan, all property and rights purchased with such amounts, and all income attributable to such amounts, property, or rights, shall be held in trust for the exclusive benefit of participants and beneficiaries under the plan. During the year ending December 31, 2021, employees contributed \$3,400 to this plan.

8. Risk Management.

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City purchases commercial insurance to manage these risks. Deductibles range from \$0 to \$5,000, depending upon the insurance coverage.

The City participates in a workers compensation plan that carries a requirement for a self-funded retention level. At December 31, 2021, the City's loss retention level was unknown. At June 30, 2022, its loss retention level was \$62,312. The City has a right to the return of any of these funds which have not been paid out in benefits and to receive the interest earnings on them, subject to the plan's bank charges and audit fees. The Plan purchases excess workers compensation insurance so the City's liability is limited to their retention level. Failure of the excess workers compensation insurer to honor its obligations could result in losses to the plan. However, the plan administrators believe the excess workers compensation insurer will be able to meet its contractual obligations. The plan was also holding an escrow account at June 30, 2022, of \$52,882. The City's insurer also has established loss fund reserves for the liability and property insurance coverages. As of June 30, 2022, the loss fund for the liability and property coverages was \$13,690 and \$3,429, respectively.

9. Net Position (Deficit) - Business Type Activities.

The business-type activities on the Statement of Assets, Liabilities and Net Position-Modified Cash Basis show a deficit net position balance of \$(3,322,435) because of the net debt used for capital assets sub-title. This deficit is the result of the City not capitalizing the Public Works Authority capital assets and depreciating them. The City's policy is to expend the costs of capital items, even if the funds were obtained from borrowed money. The borrowed money is shown as a liability. The amount that could be capitalized as capital assets and depreciated is not known.

10. Reservations and Designations of Unrestricted Net Position.

The City Commissioners designated a time deposit for future water system improvements until the principal and interest balance equals or exceeds \$200,000. Any amount in excess of \$200,000 is not designated. At December 31, 2021, this time deposit balance had exceeded \$200,000. This designated amount is shown on the proprietary funds statement of assets, liabilities, and net position-modified cash basis under unrestricted net position.

11. Interfund Transfers.

The City periodically makes transfers to different funds to move funds from the other funds to increase their liquidity and ability to purchase goods and services or reflect interfund receivables/payables. Interfund transfers for the year ending December 31, 2021, follows:

Fund	Transfers In	Transfers (Out)
Governmental Funds: General Fund Other Governmental Funds	\$ 132,527 231,821	\$ (2,790,735) (223,885)
Proprietary Fund Type: Public Works Authority Stafford Museum	2,774,485 180,384	(304,597)
Total	<u>\$3,319,217</u>	<u>\$ (3,319,217)</u>

12. Commitments and Contingencies.

The City has various construction contracts under various stages of completion at December 31, 2021. Many of these construction contracts are being funded by the revenue bonds issued.

From time to time the City may receive a claim or litigation alleging damages suffered by the claimant. The City normally denies liability and the claim. The claim is then sent to their liability insurance company for disposition.

On January 31, 2019, the Board of Trustees of the Weatherford Public Works Authority authorized the incurring of indebtedness by the issuance of a guaranty for payment of the Thomas P. Stafford Air and Space Museum expansion indebtedness not to exceed \$1,000,000. The guarantee will be for a \$1,000,000 revolving line of credit with the Stafford Air and Space Museum Foundation (the Foundation) and a local bank for one year at 3.95% interest with an option to extend for another year. Between October 9, 2019 and May 7, 2020, the Foundation borrowed \$988,425. The outstanding principal balance at December 31, 2021, was \$20,066. This loan was paid off as of the audit date.

In 2020 the City was awarded an Economic Development Administration grant for \$2,865,000 for infrastructure improvements at the Weatherford Business & Technology North Park. Total construction costs are estimated to be \$3,581,250. Of the matching

12. Commitments and Contingencies (continued).

amount of \$716,250, the City has an agreement with the Weatherford Industrial Trust to pay \$430,000 which leaves the City's portion to be \$286,250. The City has received \$66,852 of these grant funds as of December 31, 2021. Total expenditures at December 31, 2021 were \$177,980.

In September, 2021, the City accepted a grant from the Federal Aviation Administration (FAA) for \$743,321 and the Oklahoma Aeronautics Commission for \$500,000 to be used for the construction of a new terminal building at the airport. The City has agreed to provide \$373,854 to the project resulting in a total project cost of \$1,617,175. At December 31, 2021, total accumulated grant proceeds received for the project was \$40,734 received from the FAA and the total accumulated construction costs paid was \$195,345. No grant funds from the Oklahoma Aeronautics Commission were received as of December 31, 2021.

In September, 2021, the City received \$1,049,416 of the American Rescue Plan Act funds. No funds were expended as of December 31, 2021.

13. Restricted Sales Tax.

On June 30, 2020, the citizens of Weatherford approved a renewal of the expiring 1% sales tax for another ten years. This sales tax will be levied from October 1, 2020 to September 30, 2030. The new proceeds would be allocated with 0.52% to the City, 0.28% to Southwestern Oklahoma State University with a cap of \$7,000,000, 0.15% to the Weatherford Regional Hospital with a cap of \$3,750,000, and 0.05% to the Weatherford Public Schools with a cap of \$1,250,000. Any amounts collected in excess of these caps will be used to fund capital projects benefitting the City. The City remits to the university, hospital authority, and public school their portion of the restricted sales tax proceeds immediately after confirmation of the receipt of funds. Total accumulated funds paid to the university, hospital authority, and public school totaled \$787,833, \$422,053, and 140,685, respectively, at December 31, 2021.

On April 3, 2018, the citizens of Weatherford voted for a restricted sales tax of one-half of one percent (0.5%) for the purpose of funding the reconstruction of Lyle Road with said reconstruction to include related drainage improvements, sidewalk installation and utility relocation, and with any remaining proceeds to be used to fund other road and drainage improvements in the City of Weatherford. This sales tax began on July 1, 2018, for six years.

Restricted fund balances are funds with resources restricted by state statutes, federal guidelines, donor restrictions, or by the vote of the citizens of Weatherford.

Committed fund balances are special revenue funds that have been established by the governing body with resources used for specific purposes as noted.

- Assigned fund balances are special revenue funds that have earned revenue or interest and represents the unexpended accumulated earnings obtained from the readily available records since fiscal year 1997. Any unexpended accumulated earnings prior to that time is considered to be committed.
- The City of Weatherford has not established a formal policy on the order of spending. This report assumes that restricted resources will be expended first, then unrestricted (in this order committed, assigned, and unassigned).

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and City Commissioners City of Weatherford, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Weatherford, Oklahoma, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City of Weatherford's financial statements and have issued our report dated September 30, 2022. The City prepares its financial statements on the modified cash basis of accounting, which is an other comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our report was qualified for the respective modified cash basis financial statements of the governmental activities, the business-type activities, and the major funds General, PWA, Stafford Museum, and the aggregate remaining governmental fund information of the City of Weatherford, Oklahoma, at December 31, 2021, based upon different interpretations of what constitutes the modified cash basis of accounting.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Weatherford's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose

49

Member: American Institute of Certified Public Accountants Oklahoma Society of Certified Public Accountants

of expressing our opinions on the accompanying financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of the internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying statement of findings and responses, we identified certain deficiencies in internal control that we considered to be a material weakness and a significant deficiency.

A deficiency in internal control exist when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying statement of findings and responses as item 2021-001 to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompany schedule of findings and responses as item 2021-002 to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Weatherford, Oklahoma's accompanying financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance and other matters that are required to be reported under <u>Government Auditing Standards</u>.

City of Weatherford, Oklahoma's Response to Findings

The City of Weatherford, Oklahoma's, response to the findings identified in our audit is described in the accompanying schedule of findings and responses. The City of Weatherford's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY OF WEATHERFORD, OKLAHOMA STATEMENT OF FINDINGS AND RESPONSES FOR THE YEAR ENDING DECEMBER 31, 2021

2021-1. Segregation of Duties.

CONDITION AND EFFECT - The City has employees in several departments who have inappropriate segregation of duties. In some instances, there may be a limited number of employees in these departments. These conditions could result in material errors or fraud occurring and not be detected in a timely manner.

RECOMMENDATION - The City should review its personnel assignments and segregate these duties to the extent possible.

RESPONSE - The City has limited personnel and cannot adequately segregate duties. It will review its personnel assignments and consider modification to the extent possible.

2021-2. Municipal Court Accounting Records.

CONDITION AND EFFECT - The City changed its municipal court record keeping system to the one offered by its software vendor. The City used this system to post the receipts to the accounting records. We did note that the municipal court accounting system did not post certain transactions to the accounting records (ie. child restitution, OBN drug and OSBI fees et al). The receipts can only be posted to the municipal court bond bank account by the system but the court uses a total of three bank accounts (municipal court bond, state assessment funds, and juvenile fund). The court will make actual bank deposits into all three bank accounts but no adjustments are made by journal entry in the accounting records to adjust the other bank accounts for the actual deposits that were made to them. This year the court posted some of the checks written in the municipal court bond fund and the accounting department also posted these in its monthly accounting adjustments. This resulted in duplicate postings. The court also only partially posted some checks that were written. No one was reviewing the accounting records and reconciling them to the respective bank statements at any time during the year. The result of these activities overstated the municipal court bond accounting bank balance and understated the state assessment fund accounting bank balance and the total overall related liabilities were understated. The juvenile fund did not have any activity for this calendar year. These balances have been adjusted for the audit.

CITY OF WEATHERFORD, OKLAHOMA STATEMENT OF FINDINGS AND RESPONSES FOR THE YEAR ENDING DECEMBER 31, 2021

2021-2. <u>Municipal Court Accounting Records</u> (continued)

RECOMMENDATION - When the City changes its systems, it needs to test the system at that time to ensure it is working properly. All deposits and checks should be posted to the accounting records. The City needs to make accounting entries to adjust the computer records to what is really happening in the different bank accounts. Accounting records should be reviewed and reconciled to the bank statements monthly. Recommend the accounting department reconcile the accounting records to the bank statements. Recommend the municipal court consider adjusting its methods and processes to utilize the computerized records more efficiently. The respective payable accounts would be used to determine the bonds outstanding, alcohol support payable, and state assessment payable.

RESPONSE - The city treasurer states the accounting department is understaffed and would like to hire a consulting firm to help in implementing these recommendations.

CITY OF WEATHERFORD, OKLAHOMA PRIOR YEAR AUDIT FINDINGS AND RESPONSES FOR THE YEAR ENDING DECEMBER 31, 2021

2020-001. Segregation of Duties.

CONDITION AND EFFECT - The City has employees in several departments who have inappropriate segregation of duties. In some instances, there may be a limited number of employees in these departments. These conditions could result in material errors or fraud occurring and not be detected in a timely manner.

RECOMMENDATION - The City should review its personnel assignments and segregate these duties to the extent possible.

RESPONSE - The City has limited personnel and cannot adequately segregate duties. It will review its personnel assignments and consider modification to the extent possible.

UPDATED COMMENT - Situation the same. Comment repeated and included in the current year's audit report.

2020-002. Municipal Court Accounting Records.

CONDITION AND EFFECT - The City changed its municipal court record keeping system to the one offered by its software vendor. The City used this system to post the receipts to the accounting records. The receipts can only be posted to one bank account by the system but the court uses three bank accounts. Adjustments need to be made by journal entry to adjust the bank accounts for the actual deposits that were made to them. This was not being done. Most of the checks written by the municipal court were <u>not</u> posted to the accounting records. No one was reviewing the accounting records and reconciling them to the municipal court bank statements at any time during the year. The result of these activities overstated the cash in bank balances and the related liabilities. These balances have been adjusted for the audit.

During the course of the audit, it became evident that there is not a clear distinction of responsibilities for these activities being posted. Under the old system, the court clerk prepared a monthly statement which was given to the accounting department and they posted the entries. She still does the monthly reports and assumed the accounting department was posting the entries. The new system appears it would require the court clerk to prepare and post some

CITY OF WEATHERFORD, OKLAHOMA PRIOR YEAR AUDIT FINDINGS AND RESPONSES FOR THE YEAR ENDING DECEMBER 31, 2021

2020-002. Municipal Court Accounting Records (continued).

of the accounting entries. The court clerk does not have access to the accounting records, so she cannot perform the bank reconciliations to the accounting records. She does reconcile the bank account to her monthly reports. The court clerk may need to have additional training in fully utilizing the court system.

RECOMMENDATION - When the City changes its systems, it needs to test the system at that time to ensure it is working properly. All deposits and checks should be posted to the accounting records. The City needs to make accounting entries to adjust the computer records to what is really happening in the different bank accounts. Accounting records should be reviewed and reconciled to the bank statements monthly. Recommend the accounting department reconcile the accounting records to the bank statements. Recommend the municipal court consider adjusting its methods and processes to utilize the computerized records more efficiently. The respective payable accounts would be used to determine the bonds outstanding, alcohol support payable, and state assessment payable. Management should review the court system and ensure that the responsibilities for posting to the accounting records are properly communicated and implemented. Recommend that adequate training is obtained to perform these functions.

RESPONSE - The court clerk has stated that some problems existed in the computer system in that the fees were not set up correctly. She has been working with the support personnel to get the problem corrected. The city treasurer would like to hire a consulting firm to help in implementing these recommendations.

UPDATED COMMENT - Situation mostly the same. Some changes were made but then some items were then double posted. Comment revised and included in the current year's audit report.
